THE DAILY MEMPHIS AVALANCHE.

By M. C. Gallaway & Co. MEMPHIS, WEDNESDAY, APRIL 15, 1868. (Volume Eleven---Number 82

THE DAILY AVALANCHE.

The White Man's Platform

I hold that this Government was made on the white basis, by white men, for the benefit of white men and their posterity forever, and should be administered by white men, and none others. I do not believe that the Almighty made the negro capable of self government.—*Stephen A. Douglas.*

Hear President LINCOLN in reply:

I AM NOT, NOR EVER HAVE BEEN, IN FAVOR OF MAKING VOTERS OR JURORS OF NEGROES nor of qualifying them to hold office, nor intermarrying them with white people, and I will say, in addition to this, that there is a PHYSICAL DIFFERENCE between the white and black race, which, I believe, *will forever forbid the two races living together on terms of social and political equality*—and, inasmuch as they cannot so live, while they do remain together, there must be a position of superior and inferior, and I, as much as any other man, am in favor of having the SUPERIOR POSITION ASSIGNED TO THE WHITE RACE.

Two years before the death of DANIEL WEBSTER he said:

"IF THESE IMPERTINENT *Fanatics and Abolitionists* ever get the power into their own hands, they will *override the Constitution, set the Supreme Court at defiance*, change and make Laws to suit themselves, lay violent hands on those who differ with them in opinion or dare question their fidelity; and finally, bankrupt the country and deluge it with blood."

On September 2, 1843, twenty-five years ago, HENRY CLAY said:

The agitation of the question in the free States will first *destroy all harmony, and finally lead to disunion—perpetuate war—the extinction of the African race—ultimate military despotism.* But the great aim and object of your tract should be to arouse *the laboring classes of the free States against Abolition.* Depict the *consequences to them of immediate emancipation.* The slaves being free, would be dispersed throughout the Union; *they would enter into competition with the free labor;* with the American, the Irish, the German; *reduce his wages,* be confounded with him, and *affect his moral and social standing.* And as the ultras go both for Abolition and amalgamation, show that their object is to unite in marriage the laboring white man and the laboring black woman, *to reduce the white laboring man to the despised and degraded condition of the black man.* I would show their opposition to Colonization. *Show its humane, religious and patriotic aim. That they are to separate those whom God had separated. Why do the Abolitionists oppose Colonization? To keep and amalgamate together the two races, in violation of God's will, and to keep the blacks here that they may interfere with, degrade and debase the laboring whites. Show that the British Government is co-operating with the Abolitionists, for the purpose of dissolving the Union, etc. You can make a powerful article that will be felt in every extremity of the Union. I am perfectly satisfied it will do great good. Let me hear from you on this subject.*

One of the County Commissioners elected in Nashville last Saturday is a negro.

Burlingame, the naturalized Chinaman and embassador, is to be ovated at San Francisco.

General Buchanan has issued his orders for repairs of the levees.

Commodore Prentice, United States Navy, died on the South Carolina railroad last Friday.

At Fort Valley, Georgia, on Wednesday, a soldier of the Sixteenth Infantry shot a negro dead.

Two men in an open boat have been picked up near Havana. Probably St. George Grenfel and a companion.

The city of Montgomery has subscribed $500,000 to assist in building the South and North Alabama railroad from Montgomery to Limekiln.

The national division of the Sons of Temperance commences in Nashville on the 6th of May. Delegates from all the States and Canada will attend.

Six negro draymen were arrested in Macon, Georgia, last week for stealing cotton from bales in their charge. They will soon be fit to run for Congress or vote four times apiece at an election.

The Water Valley (Mississippi) *Eagle* says that the walls of the building in that town designed as a cotton and woolen factory, are rapidly going up, and will be completed, without accident, in the course of a few more weeks.

Rev. Stephen H. Tyng, Junior, denies the statement that he has again violated the canons of his church. He says he will continue to preach from his pulpit until ejected therefrom by the police.

Havana letters state that two negroes on the island claim their freedom on the plea that they are working in a copper mine which belongs to England, and as that country prohibits slavery they are free. The case is in the courts.

A Lyons (New York) paper says that among the losers by the Westfall bank failure are people hitherto supposed not to have a dollar in the world, who have accepted the charity of friends—receiving money, provisions, fuel, etc.

The *Every Afternoon*, a literary New York paper of twenty-three days and nights, expired last Friday by limitation calmly as a short-lived butterfly. Next to the last number had a leading editorial headed "Yesterday, To-day, To-morrow"—very apropos.

In Maryville, Blount county, where there was a spirited race for municipal offices between white and black candidates, the negroes elected four and the whites three aldermen. The justice of the peace elected in the same town is also colored.

Miss A. Harris, of Winston county, Mississippi, raised a bale of cotton last year, weighing six hundred pounds. She did all the work herself and sold it for thirty-two cents per pound. Some heartless wretch down there says: This young lady does honor to her name and ancestry, and deserves a good editor for a husband.

A few nights since, a negro named Henry Fitzpatrick, was hung by a body of men in disguise, near Columbia, Tennessee. He had been accused of setting fire to a barn and stable, in the latter of which seven horses perished. Before being hung, Fitzpatrick confessed he was guilty of the incendiarism charged against him.

The Kosciusko *Chronicle* advises to plant plenty of cane or sorgo this year. The price of molasses is high, and will continue so for many years to come, and nothing will pay better than a few acres of Chinese sugar cane. The same is the case with rice—an excellent diet for the table—it can be raised to great perfection, on land, too, not adapted to anything else.

The nine young men and three negroes arrested at Columbus, Georgia, by the military after Ashburn's death, were released last Friday on twenty-five hundred dollars bond, each. No charges have been preferred. In three hours seven hundred names were signed to the bond, including thirty or forty freedmen. Only one man refused to sign the bond, and hundreds were denied the privilege.

"Who struck Billy Patterson?" is insignificant in comparison with Brick Pomeroy's querry: "What was in Mrs. General Grant's trunk when she was captured at Holly Springs by Van Dorn, December 19th, 1862?" A Nashville correspondent answers that said big trunk was full of silver ware, which Madam Grant *stole* from Mrs. Cox, of Holly Springs. Many people in that neighborhood could verify this fact, and it is too notorious there to admit of even an evasive denial. The woman who robbed Southern ladies of personal jewelry will make a big sweep when she gets into the White House. Mrs. Lincoln, look out for your laurels!

LETTER FROM NEW ORLEANS.

The New Era—Manufacturing in the South.

Passion Week—Rigorous Observances and Interesting Ceremonies.

Emmigration to the Pacific Slope.

Opening of the Spring Meeting at the Metairie Course.

ST. CHARLES HOTEL,
NEW ORLEANS, April 10, 1868.

EDITORS AVALANCHE: I have just returned from Wesson, the location of the Mississippi Manufacturing Company. This establishment is under the executive management of Mr. J. M. Wesson, and has proved one of the most successful enterprises of the new South. Under this gentleman's admirable business rules the employes and people in the vicinity of the mills have been vastly improved in every respect. Morally they are especially benefitted by the strict regulations that are applied to their conduct. The penalty of drunkenness on the part of any one connected with the establishment is expulsion from the premises. Hence the community is marked for its sobriety. Vast intellectual improvement is also apparent from the effects of the educational and moral influences that are carefully fostered. The mills turn out an immense quantity of cotton and mixed goods, and cotton rope of the first quality. The success of the enterprise has conclusively proved that the South can compete profitably with any other section in manufactures; and this example should excite emulation in the same line in other vicinities.

The neighborhood of Memphis is peculiarly adapted to enterprises of this character, and the vast advantages that would accrue to every interest dependent on the presence of such mills should induce capitalists to operate in that line. West Tennessee is well adapted to sheep raising, and this feature of supply to mills like these of the Wesson Company would prove very remunerative to the proprietors. The necessity is upon us to change vastly the main features of our agricultural system, and these new avenues of trade and manufactures offer profitable investments.

During this (passion) week, the religious sects of this city have been more rigid and devout than usual. Archbishop Odin has required, during the past Lenten season, unusually severe and rigorous attention to the requirements of the church, and in view of the immense ravages of the late epidemic, that carried desolation and distress into a vast number of families, the rules and requirements of the sorrowing season have been more rigorously observed than usual. The Episcopal churches are thronged daily with worshippers, who are very devout and faithful in their Lentel observances. A special feature of this Lent season has been the unusual attention that has been paid to the musical service of the Roman and Anglican churches. This feature has not only been very fine and attractive, but also become a necessity to the refined people of the congregations. Easter day promises to be a marked era in point of grand ceremonies, splendid service, exquisite floral decorations, and grand music in the churches. The poetical and typical beauties, I hope, will not be marred by adverse weather. In the event of the season proving as we anticipate, I will write you the incidents.

There is an immense tide of emigration going hence to California. A few days ago, twenty-seven good and substantial citizens from the Lafourche country left here to make their future homes in the Eldorado. Daily we hear of others who are arranging to go. If the Radical measures now in process of incubation are successfully hatched, and that element becomes a fixed fungus on this country, there will be an immense exodus of these white people, and they will seek more congenial homes on the Pacific slope. The Brazil emigration scheme is in bad repute here. Every sad thing that can attend misfortune seems to have fastened itself on the people who have unfortunately gone to Brazil. The social status of that country is even less attractive than our present nigger burthened condition. Its isolation from all old associations, and its constant turmoil of war, must prove impassable obstacles to immigration from this section. Slavery, the only seductive point that induced Southerners to go thither, is only a name in Brazil, for the State is using every means possible to eradicate the institution from the country, and it is a very unprofitable and unreliable kind of slavery at best. I speak from accurate information, and write to keep people from being humbugged into a wild goose chase after an illusion and deception.

A very large number of guests at this hotel are representatives of the turf from all sections, and are here to attend the races over the Metairie course, which begin to-morrow, the 11th, and promise to be a very successful meeting. About sixty horses are in the stables, ready for work. After the week of the season is past here, a large number of the Kentucky and Tennessee stables will go to Memphis. On the 18th the horses will be shipped to your city on the steamer Pargoud.

That this elegant and splendid steamer has arranged to run in the Memphis and New Orleans trade during the summer, must be a very gratifying piece of intelligence to the river travel especially, for her superb appointments and rapid sailing must make her an unusually popular craft. To the utter surprise of everybody concerned, the Pargoud made the trip from the landing to out-of-sight point, in the exact second of the R. E. Lee's fastest time. These two boats, in the Memphis trade, will certainly secure a patronage that will support them, and that they well deserve. COUSIN NORMA.

Colored people are being arrested in Cuba for practicing witchcraft.

The Brandon *Republican* mentions the invention of a new garden plow, at Raleigh, Mississippi. This new plow requires no horse, and is admirable for vegetables in mellow ground. A patent is to be applied for.

A club house will soon be opened in Vicksburg, embracing reading rooms, billiard rooms, saloons, etc. The names of over a hundred members have already been secured. It is called the "Mercantile Club of Vicksburg."

A petty murder was committed a few nights ago, in Lumpkin, Georgia. A negro sentinel at a League meeting shot one of his brethren too dead to roll up the whites of his eyes, for not halting and giving the countersign. A Radical loss, but it can be made up by some other negro voting four or six times.

The following are the Conservative nominees for Congress in Georgia: First District, Hon. H. S. Fitch; Second District, Nelson Tift; Third District, Hon. P. W. Alexander; Fourth District, no nomination; Sixth District, Hon. J. H. Christy; Seventh District, General P. M. B. Young. Major Fitch was quartered here soon after the Federal occupation of the city.

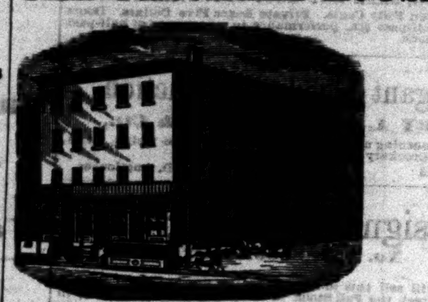

General Meade's late military bull against the mysterious K. K. K.'s, had no reference to Pollard's K's in public-k, topic-k and optic-k.

The town of Gainesville, Cook county, Texas, has been burned. No particulars.

A negro in Houston, Texas, has been arrested for stealing a pump from a well.

NATIONAL TELEGRAPH.

THE NATIONAL

TELEGRAPH COMPANY

A NEW enterprise, to be known as the National Telegraph Company, has been organized with valuable franchises conferred by a recent act of Congress for the purpose of establishing Trunk Lines of Telegraphs on all the principal railroads and mail routes in the United States. The Stock is to be issued upon the same principle as that of the Merchant's Union Express Company, which recently commenced operations. The design is to interest the entire business community in the enterprise. This is done, not so much to dispose of the stock as it is to secure the business of the country which the lines pass.

THE CAPITAL IS TO BE

$10,000,000

In 100,000 shares of the par value of

$100 PER SHARE

But the actual amount to be paid in cash is

$35 PER SHARE

and this amount is to be paid as follows: One per cent. of the par at the time of subscribing, and no more until the entire capital has been subscribed, and then on calls to be made by the Board of Directors; instalments not to exceed five per cent. per month. When thirty-five per cent of the par value of the shares has been paid, certificates of stock will be issued. This will give the Company a paid up

CASH CAPITAL OF $3,500,000

Which will be sufficient to duplicate lines to all or nearly all the paying points reached by the present monopoly.

The present Telegraph Companies throughout the country have been consolidated into one huge monopoly, and are now earning over SIX MILLIONS OF DOLLARS per year, or over one hundred per cent. on the actual cost of their lines, their present capital having been watered over ONE THOUSAND per cent.

THE NATIONAL TELEGRAPH COMPANY have a recognition from the United States Government of the importance of their enterprise, with a grant of the most valuable franchises ever conferred upon a telegraph company. No competing line has ever had the right now granted by Congress to this company to construct and operate lines over every RAILROAD and MAIL ROUTE in the United States. The position of this Company differs from that of any company ever before organized. The question of the RIGHT OF WAY IS FOREVER SETTLED.

The Stockholders of this Company cannot be sold out or TRANSFERRED to any other Company. The act of Congress under which this Company has been organized prohibits any transfer of the franchises granted.

CALLS---HOW TO BE MADE

One per cent of the Stock will be required on subscribing, and subsequent calls, not to exceed five per cent. per month, will be made by the Board of Directors, from time to time, as may be necessary, to supply funds to construct and equip the lines; but no calls will be made after the one per cent. is paid, until the entire Capital Stock shall have been subscribed

ACTUAL CAPITAL REQUIRED

The Company confidently believe that thirty-five per cent of the Capital Stock will construct and fully equip

25,000 Miles of Wire

Which will connect all the commercial centers and important places in the United States. This opinion rests upon the most reliable estimates and responsible offers to construct and equip the lines.

THE NATIONAL TELEGRAPH COMPANY is organized under the laws of the state of New York, and franchises conferred by an act of Congress, approved July 24, 1866.

President—GEORGE B. SENTER, of Cleveland, Ohio.

Vice President—ROBERT SQUIRES, of New York City.

Secretary—GEORGE B. WALLER, of New York City.

COMPANY'S OFFICE,

Nos. 64 and 66 Broadway, New York

A limited amount of the capital stock of this Company is allotted to this locality, and those having an opportunity, and subscriptions, will be placed upon equal terms with its corporators, and will secure like interests in all franchises which have accrued, or may hereafter accrue to the Company from any and all sources.

Stock may now be subscribed in this Company at the Office of THE MERCANTILE AGENCY, R. G. DUN & CO., Room No. 5, Commercial Bank Building, corner Main and Madison streets, Memphis, Tenn.

The Mineral Springs

—AT—

RALEIGH, TENNESSEE

FOR SALE!

THE CELEBRATED RALEIGH MINERAL SPRINGS, situated on the confines of Raleigh, late County Seat of Shelby county, Tennessee, nine miles northeast of Memphis, and two miles from Wells' Station, on the Memphis and Louisville Railroad. These springs are six in number, of various mineral and medicinal qualities, and are visited every summer by thousands of seekers of health and pleasure, from all quarters of the country. They are within a few steps of the village of Raleigh, in a beautiful valley, and also within a few hundred feet of Wolf river, which winds around the base of the eminence on which the village of Raleigh is situated, and empties into the "Father of Waters" at Memphis. Numerous remarkable cures of various diseases have been experienced by sojourners at this health-inspiring retreat, and the present proprietor, Colonel J. M. COLEMAN, can produce hundreds of certificates of cures in cases which had been entirely given over medical skill. The ground surrounding the Springs, and in fact the entire village of Raleigh, rises to an eminence of pure air, and is as remarkable for its healthfulness as beauty of location. The Springs are in fine order, never failing, and are designated as follows:

MARBLE SPRING,
BOX SPRING,
MAGNOLIA SPRING,
ARSENIC SPRING,
SULPHUR SPRING,
FREESTONE SPRING.

The place has never been visited by epidemic of any kind, and peculiarly characteristic of its healthfulness is the longevity of the inhabitants. The oldest citizens of Shelby county are residents of Raleigh.

The Springs are as much resorted to by pleasure seekers as by invalids, owing to beauty of scenery and various artificial as well as natural attractions. Connected with the Springs are a Pavilion, Ladies' Bowling Alley, Rustic Arbors, Reading Saloon, Gents' Bowling Alley, Saloon, Billiard Room, Gymnasiums, Refreshment Tables, etc., while Wolf river affords excellent Boating and Fishing.

An Analysis of the several Springs, by distinguished medical men, shows that they are unsurpassed in mineral and curative properties by any in the United States. There is no reason then why Raleigh should not become as famous as Saratoga, Sharon or Lebanon, and as largely patronized. It needs only capital and enterprise to accomplish this end.

The elegant country mansion house and lot, residence of Colonel J. M. COLEMAN, is within a few yards of the Springs. The house is in first class order, contains ten rooms, and is beautifully embowered in shrubbery. The lot is well fenced and ornamented with fine shade and fruit trees, and affords all necessary outhouses, cisterns, etc. It is midway between the village and Spring Valley, on the main promenade.

WEDNESDAY, : : : APRIL 15, 1868

THE immaculate, sweet-scented HAMILTON, known, for short, as TOM, is now public property. A negro called HAM CARTER, has nominated him as a candidate for Congress for the State at large. HAMILTON, *per se*, is not worth attention, but the prospective Congressman will occasionally attract our notice. His proposition is to be elected to a seat, by the side of THAD. STEVENS and BILL STOKES, and assist them in their damnable schemes in destroying the liberties of the people and subject the white or Caucasian race to the rule or domination of the negro, and his inferior in everything that constitutes honor and true manhood. The carpet-bag scoundrels followed, like jackall's, in the wake of the Northern army, to prey on the substance of our people. And it is only as HAM CARTER's candidate for Congress that we can afford to pay HAMILTON our respects. Now, TOM, we propose to put you on the stand and ask you a few questions. If you can answer them satisfactorily and prove that your answers are true, we here pledge ourselves to vote for you for Congress, provided you will enfranchise us and get SEARS to give us a certificate of registration. Did you, TOM, sell the sugar you had seized as agent of the Confederate Government, put the money in your pocket, and, when ordered from Panola to Grenada, by the Quartermaster to make a settlement about this same sugar, go and report, but begged the Quartermaster to get you a pass to go that night to Oxford to take a bag of gold for MEACHAM and GALBREATH, with the pledge on your part that you would return the next day and settle? Did you get the pass, and go to Oxford with the bag of gold, and return and make your settlement as you pledged your honor you would do? When you reached Oxford did you conclude that, as you had betrayed your friend and your section, and had taken the oath to the Federal Government, that you would just pocket the proceeds of the sugar, and, like a dastard, and very much like a thief, run away with the proceeds of sales of sugar, and go to Cairo and speculate in cotton on money which you had taken—we will not say stolen, for that would be an offensive term to such a *sweet scented* negro-nominated candidate for Congress and deserter from the Confederate cause? Now, TOM, these are pertinent questions, and even the negroes would like to see you come up like a man, without evasion or equivocation. You are on the stand, TOM, and must answer. If you do not, we are afraid that BARBOUR LEWIS, RICHARDSON, BEAUMONT, and HAM. CARTER will be ashamed of you. TOM, no dodging, but come up like a man and disprove these foul, calumnious charges, as we are for you, *straight out*, if you can do it. The fact is, TOM, we are for you anyhow. We look upon you as our specialty, so long as you are before the people of the State, a candidate for Congress. You answer that we have made no charges against you. That's true, THOMAS, but whether you believe it or not, we feel a very deep interest in you, and want you to clear up this sugar stealing business, that has been so much talked about. There is no doubt that General COOPER would like for you to prove that you do not belong to the thieving fraternity; if you cannot, the thieving Radicals and negroes will all vote for you, and that will elect you and defeat COOPER. So, TOM, give COOPER a fair showing in this race. He may have stolen largely, but he has not as much reputation in the thieving business as some others.

JOHN MULLALY will repeat his lecture this evening at the New Memphis Theater. He comes in our midst not for pecuniary gain. He travels at his own expense and gives the proceeds of his lectures to charitable objects. The proceeds of the lecture to-night will be given to the orphans of Memphis. The distinguished reputation of the speaker, and the noble purpose of his lecture should secure a large attendance. During the first evening of his arrival, and ever since his stay, he has been accessible to our citizens, great numbers of whom early embraced the opportunity to gratify their curiosity, and to testify their respect for a man, whose fame has become the common and prideful property of our nation. Nature has so distinctly written in the countenance of this extraordinary man the evidence of the rich gifts she has bestowed on him, that a short interview is sufficient to satisfy every one of the correctness of the public judgment which ascribes to him a rare and exalted intellect. It is not, however, this assurance of his intellectual pre-eminence, more than the proofs which familiar intercourse with him afford, of his generous feelings, liberal sentiments, his unostentatious but kind and impressive deportment, that have inspired our citizens [illegible] with sentiments for him of the highest respect and esteem. Mr. MULLALY fled from his native Ireland to our shores in order to rid himself of tyranny. It is not therefore surprising, that he should plead for the Constitution of his adopted country, use his caustic pen and raise his eloquent voice against a more galling oppression than that which crushes the land of Emmett and O'Connell. His name is odious to tyrants, but welcome to his friends, and will live in the hearts of freemen throughout the Union long after tyranny shall have been swept into oblivion or that ignominy which, sooner or later, overtakes the usurpers of a free people's liberties. The name of JOHN MULLALY is as familiar as household words. Often has he nerved our hearts with strength and hope. When the golden sun of liberty was sinking, as patriots often thought, in the gloom of eternal night, he has spoken words of consolation. His fame will last as long as liberty remains upon the earth, as long as a votary offers incense upon her sacred altar.

COMMENTING on the recent election in Michigan upon the adoption of the new constitution, the *National Intelligencer* says: "There were two separate articles submitted—one in regard to the prohibition of license for selling liquor; the other whether the sessions of the Legislature should be annual or biennial. Michigan is one of the staunchest of the Radical States. Her Senators—Chandler and Howard—and her Representatives in Congress have devoted themselves exclusively to the elevation of the negro above the white man. The election held yesterday will be to them a significant rebuke. The people of the State have been anxious for a revision of their State constitution. The instrument now framed and submitted has been highly praised for eminent reforms, and has been claimed to be full of advantage to that flourishing State. But the revolutionary party could not forego the opportunity for compelling that people to indorse their fraudulent and abominable affection of negro equality as the only means of ordaining a salutary organic law for their local purposes. Rather than submit to this disgusting imposture, the people of Michigan have rejected the entire constitution, and nullified the whole labor, lost the whole expense and deferred the pleasing hopes which were entertained in the formation of the new constitution. By what majority would they not have rejected the brutal heresy of negro suffrage had it been submitted to them as a separate proposion?"

THE following payments were made at the Treasury during the month of March, and are worthy of particular notice at this time:

Civil, miscellaneous, and foreign intercourse	$1,715,000
Interest on the public debt	6,462,000
War	13,960,000
Navy	2,365,000
Interior (Pensions and Indians)	5,508,000
	$32,010,000

We respectfully suggest to tax-payers the propriety of a careful examination of the above figures; and would call their especial attention to the cost of keeping up a huge standing army, which is of no earthly use except to maintain the supremacy of barbarian negroes over our own race in ten States of the Union. All who wish to see that kind of thing perpetuated, at a cost of fourteen million dollars a month, will vote for Grant. He fully approves of the costly despotism which has been established by Congress, and is pledged to carry it out to its fullest extent. Let the millions who are ground down by taxation vote for him, if they wish to be burthened and oppressed as no other people ever have been.

THE recent action of the military authorities in removing Governor PIERPONT, of Virginia, and other State officers, has raised a storm of indignation among the native Radicals of the State. WELLS, who is named to succeed PIERPONT, is a Northern adventurer, and the best offices in the State are all being transferred to that class of men. We do not wonder that those Virginians who ate dirt and condescended to put themselves on the level of the negroes for the sake of office are highly incensed at the action of General SCHOEFIELD. They have a right to be indignant, but we do not suppose they can expect any sympathy in their misfortunes. The recreant Trojans who helped the Greeks to introduce the wooden horse into their native city, were among the first to fall by the sword of their country's enemies; and we never heard a word of pity expressed at their fate.

HAMILTON says that, if elected to Congress, he will favor the levee system. It is reported that he somewhat extensively favored the *levy* system when Confederate sugar agent.

Prominent Democrats of Columbia, South Carolina, challenged Congressman Ashley and Collector Mockey, of Charleston, who are holding political meetings in that State, to a public discussion. The challenge was accepted, but the discussion did not take place.

A little flatboat containing a young man, his wife, a boy and a dog, arrived at Baton Rouge last Thursday, all the way from Venango county, Pennsylvania, on the head waters of the Alleghaney, 2,650 miles distant. The voyage occupied thirteen months, but could have been made much sooner.

The anniversary of Lee's surrender was partially celebrated on the 9th instant, at the Cooper Institute, New York. The Radicals expected to have an undisturbed love feast, and to indorse the coming man from the tanyard without opposition. The hissing of a viperous few at Andrew Johnson's name developed the fact that a big majority of the force was Democratic, and they proved to be first class hissers, and beat the Rads at their own game.

An indiscreet youth in attendance at Miami University has been expelled for kissing his sweetheart, a student in Oxford Female Seminary, and the lady has been expelled for receiving the kiss. The gravity of the offense was increased by committing it in the presence of a governess or somebody, instead of on the sly. She wasn't to be aggravated in that manner without her revenge, and she had it.

WASHINGTON.

WASHINGTON, April 14.

In the case of General Lorenzo Thomas against Stanton, in having caused his arrest for alleged violation of the Tenure of Office act, by accepting the appointment and attempting to exercise the duties of Secretary of War, *ad interim*, the damages being laid at one hundred and fifty thousand dollars, Mr. A. G. Riddle entered his appearance for the defendant and filed a plea of not guilty. General Thomas' counsel, Messrs. Merrick and Cox, have joined, and possibly the case may be placed on the May calendar of the Circuit Court.

The House proceedings to-day were unimportant.

Sergeant Bates, carrying the United States flag, arrived here this forenoon, and was met at the Long Bridge by a committee of citizens, and escorted by a large crowd to the Executive Mansion. He was met at the portico by President Johnson, who invited him into the East Room, and there gave him a hearty welcome. No speech making was indulged in, the occasion being void of formality. After a few moments conversation, the Sergeant, accompanied by a large concourse, left, taking the line of march down Pennsylvania avenue.

The dedication of the Lincoln monument, erected by the citizens of Washington, in front of the City Hall, will take place to-morrow.

Mayor Wallack to-day addressed a communication to each member of the Cabinet, asking that the Department be closed in time to allow the Clerks and other employees an opportunity to attend the ceremonies of the dedication, which took place at two o'clock. The monument will be unveiled by the President and dedicated by the Masonic Fraternity of the District.

The Secretary of State has directed the United States Consul General at Alexandria, to furnish the General Land Office with such information as may be in his power to give, relative to the system of irrigation of lands in the region of the Nile.

The Sergeant then proceeded to the Metropolitan Hotel, and having ascended to the parlors, the Hon. Charles E. Eldridge delivered the following address:

Fellow citizens, it is owing to the fact that I am a citizen of Wisconsin that I have been invited to appear here on this occasion, and for a few brief moments to present to you the guest of Washington, the youthful son of the State of Wisconsin—Sergeant Bates—he who, finding a popular error existing in the State of Wisconsin, like that in every Northern State, to-wit: that the people of the Southern States, whom our conquering arms subdued, were hostile to the flag, undertook to carry it from Vicksburg to Washington for the purpose of planting it on the dome of the capitol. He has demonstrated to the people of this country and the world, that no such hostility exists; but that, on the contrary, the people of the South submit to the flag of the Union in good faith, and are determined to maintain their allegiance, and expect us of the North to maintain ours. [Applause.] I understand that Sergeant Bates will now proceed to place the flag on the dome of the Capitol, but I will not detain you in this rain storm further than to say that I cannot forget this day, just seven years ago, when our flag was lowered in humility and sorrow from the battlements of Fort Sumter, and rejoice that it rose in triumph and glory.

The permission of Mr. Nuchler, Superintendent of the Public Buildings, to place the flag on the dome, was sent to Mr. Brown by a policeman, and Mr. Brown endorsed it, giving the required permission; the paper was then handed to the policeman in charge of the door who would not let Mr. Bates pass into the Capitol without the further endorsement of the Sergeant-at-arms—Mr. Ordway, of the House of Representatives. Tired of this delay, Bates, with his friends then left the Capitol to plant the flag on the Washington monument. He was then escorted to the hotel.

NEW YORK.

NEW YORK, April 14.

Yesterday afternoon an Internal Revenue Collector, acting under instructions from Washington, seized quite a number of illicit distilleries on Little street, Brooklyn. A guard of marines, numbering fifty men, accompanied the Collector and assisted while the seizures were being made. A crowd of a thousand boys assembled and made riotous demonstrations. The Collector and officer in charge were knocked down by stones thrown by persons in the mob. Subsequently the assistance of police was procured and the rioters dispersed.

In the charter elections in New Jersy to day, Hoboken, Hudson City and Bergen, were carried by the Democrats. Jersey City is close and doubtful, but Orville, the Democratic candidate, is probably elected.

RICHMOND.

RICHMOND, April 14.

An article was adopted fixing the legal rate of interest at six per cent., but allowing special contracts to be made as high as twelve per cent.

An article was adopted allowing children born in slavery to inherit the property of their fathers.

The article on militia was adopted. It is the same as the old constitution, except that the word "white" is stricken out.

The Convention will probably adjourn to-morrow.

The municipal election will come off on the 20th instant. Negroes are not to be forced by either party to vote, but must be left alone. The carrying of arms at political gatherings or at the polls is forbidden. The military authorities are to provide for a fair vote and for the preservation of peace during the election; and all violations of this order will be tried by military commission.

Fortieth Congress—First Session

WASHINGTON, April 14.

SENATE.

After the Court had been opened in due form, Mr. Sumner offered the following:

"*Ordered*, That in answer to the motion of the Managers, in reference to limiting the final argument, that unless it is otherwise ordered, such other Managers and counsel, as choose, may print and file their remarks, at any time, in the closing argument."

The Chief Justice said: "If there be no objection, it will be so ordered."

Mr. Conness—"I object."

Mr. Sumner—"I would respectfully ask under what rule such objection can be made?"

The Chief Justice replied that on several occasions he had decided the rules of the Senate to be the rules of the Court, as far as applicable.

Mr. Sumner—"Of course it is not for me to argue the question; but I beg leave to remind the Chair of the rule under which this order was made."

Chief Justice—"It will lie over." To the counsel—"The counsel for the President will proceed with the defense."

Mr. Evarts stated that Mr. Stanbery was ill, and that he would be unable to resume his duties within forty-eight hours, though possibly he might do so to-morrow; and in consequence of this, he would beg the indulgence of the Court for to-day, and on the motion of Mr. Howe, the Court adjourned until to-morrow, Sumner and Pomeroy voting no.

The Senate then continued in legislative session, the President resuming the chair and calling the Senate to order.

Mr. Davis gave notice that he would move the following additional rule to the rules of practice and proceedings: "In cases of impeachment two-thirds of the Senators present shall be necessary to rule on any question of evidence or law against the party impeached."

Mr. Anthony, from the Committee on Printing, reported favorably on the resolution to print 5,000 additional copies of the report of the impeachment trial, which, on his motion, the Senate proceeded to consider, and the resolution was adopted.

Mr. Conness offered a resolution, which was adopted, asking the President for copies of any papers relating to the application for exclusive privileges to private parties and companies in connection with the purchase of lands, in our recent purchase from Russia, and for information relative to any act done relative thereto. He explained that a report to that effect had created considerable feeling in San Francisco.

On the motion of Mr. Morton, the Senate went into executive session, at half-past one, and subsequently adjourned.

A young woman named Rebecca Moore is under arrest, in Brooklyn, New York, for sending to a married lady letters to extort money, by threatening to make damaging disclosures to her husband. She proposed one hundred dollars as the price for which she would hold her tongue, but the intended victim did not pay it.

A correspondent of the New York *Tribune* ("X. Y. A serious shooting affray occurred at the Prentiss House in Vicksburg, last Saturday, between J. J. Smith, proprietor of said house, and J. Q. Wilcox, a well known merchant. The former was desperately wounded, and Wilcox escaped across the river, but was subsequently arrested and brought back. The negroes who rowed him across were also arrested.

Some days ago, a man named John May, a nine years' horse thief and convict, employed on the Selma, Rome and Dalton Railroad, in Calhoun county, Alabama, was being conveyed from the works to the prison barracks by a guard, named J. Snider, May seized Snider by the throat, choked him to death, took his arms, and attempted to escape. Upon learning this, S. B. Smith, the Sub-inspector of convicts, armed himself and started in pursuit. He overtook May in a swamp, and told him to surrender. May refused to do so, and drew a pistol on his pursuer. Thereupon Smith fired at May, and inflicted four wounds, from the effects of which the convict afterwards died.

Two negroes were sentenced to be hung at Tallahassee last week; one for burglary and the other for stealing a mule and selling it. Old John Brown's soul is still on the tramp, tramp, tramp.

ANOTHER AFFRAY.

A Policeman Shot by Negroes—A Negro Also Shot.

Between two and three o'clock yesterday morning, four negroes, whose movements had excited the belief on the part of policemen Sweatt and Robertson that they were burglars, were ordered to halt, when on Hernando, near South street. Their reply was a bullet, which struck officer Sweatt in the right shoulder, causing a painful though not dangerous wound. Another shot was fired by the negroes, whereupon officer Robertson returned the fire, hitting one of their number, who, when arrested, gave his name as George Harris, in the leg. A running fire was kept up for several minutes after Harris' arrest, but his companions succeeded in escaping. A pistol, loaded, was found on Harris' person. He refused to give any explanations of the conduct of himself and companions, whom he represented to be deck hands on the Natoma.

THE SO-CALLED K. K. K. EXPOSURES.

A Sensational Card From Mr. J. M. Campbell.

EDITORS AVALANCHE: Lying in my sick bed on Sunday morning last, I was not a little astonished to see in the columns of the AVALANCHE, an article entitled "An Explanation," signed by a number of young men who had been arrested on the previous Monday as members of the Ku-Klux Klan, by the Metropolitan Police, under the leadership of Colonel Beaumont. In self defense, Messrs. Editors, I have to lay before the public the facts of my connection with this organization, and shall do so as briefly as possible. The charges made against me personally in the article, are all, singly and collectively, LIES, and I now propose, through the medium of your columns, to give to the public the whole history of my connection with the affair. Some three or four weeks ago I, along with a party of friends, happened into a saloon, and while waiting for "refreshments," one of our number observed placarded in the barroom the word "Trix." Some one said that was a K. K. K. sign. I remarked I wished I knew it to be so, as I "wanted some of it." There the conversation dropped. A few minutes after we went out of the saloon, Mr. A. C. Ferguson stepped up to me, and said: "Jack, do you want to find the Ku-Klux?" I immediately answered yes. He then said: "Meet me at eight o'clock on Thursday night, and I will put you through." I think this conversation occurred on Tuesday night. I met him on Thursday night, according to appointment, and he escorted me to the corner of Hernando and Beal streets, when and where T. L. Risk swore me into what I then believed, and what its members gave it out to be, a Ku-Klux den. A fact I do know, that the oath administered by Mr. Risk, although not as much of an iron clad as the last one adopted, was, to all intents and purposes, as bloodthirsty and as binding. When these gentlemen say that I made any effort to turn their "Glee Club" into a political society, they *lie*, for from my first introduction into it, it was one. They say they had no constitution and no by-laws! Admitted; but they had rules of government, the oath and a list of members, safely locked in a safe not a hundred miles from Madison street. I could give the name, and would, did I think he had anything to do with the "explanation." At the meeting at which I was sworn in, a committee of two was appointed to draft a constitution, oath, manner of initiation, etc. That committee consisted of A. C. Ferguson and myself; and the document seized by Colonel Beaumont, although entirely in my handwriting, was our joint production, was adopted without a dissenting voice, and each and every member swore to it, except, perhaps, one or two who were absent from the city. After the adoption of this document, I was nominated for "Cyclops," and twice declined; alleging as a reason that I was not the man for the place—that I was too impulsive and rash—and recommending that the old organization should be continued until we could get into our ranks some cool, clear-headed man whom we all could trust. I told them they might feel satisfied in trusting me, but I could not trust my own discretion. They elected me, and I was sworn in. The next move made was a motion that a committee of five on "*assassination*" should be appointed. I opposed this at the time, as did all the older members of the association, considering it injudicious. It was carried over our heads, and the committee actually appointed, reduced, however, to three, of which I was the chairman. I placed myself on the committee, as I told them, for the purpose of controlling and directing them, as I finally succeeded in doing, and to my presence on that committee may be ascribed the fact that a somewhat notorious county official is not now sleeping with his fathers. Do the members of this "assassination" committee wish their names published? Do they wish the number and names of the candidates voted for to be assassinated published? If they do, all they have to do is to say so. In fact, as they have violated their oaths and undertook to brand me as a traitor, I am prepared, if necessary, in self-defense, to lay bare to the public gaze facts and figures, names and dates which would send a thrill through the length and breadth of this land. I have the records in full of the transactions of the concern since I became identified with it. The charge that Colonel Beaumont and myself were in collusion, is simply preposterous, for the blows I have struck him through the columns of the AVALANCHE were too honest, and came too straight from the shoulder for him to forget them so soon. I might as well be accused of collusion with Judge Hunter to send Colonel Gallaway to jail. In this connection, however, as a matter of justice, I would publicly call upon Colonel Beaumont to tell how he succeeded in ferreting us out. I know it is asking a good deal, but the charge of collusion has been made against me, and his evidence is not undesirable. That this was a Ku-Klux den I do not know—it claimed to be one. It was at all events an association of men banded together for the purpose of carrying out the obligations of the oath, which has already been published, and that was, if necessary, assassination, before I joined it. One circumstance I had almost forgot to mention, and that was, that just before the last meeting about eight or ten of us had agreed to withdraw from the concern, not feeling safe in trusting the material which composed it. When these men charge me with acting as the "stool-pigeon" of Colonel Beaumont, or any other lie in Christendom, *they lie*—individually and collectively. Had they been as true to themselves as I was to them, they would not now stand before the community as *perjurers*. I use this language understanding its full meaning; and I tell them here that, *assassinate* me they may, but intimidate me they cannot. They cannot make me the scape goat to bear their sins into the desert. I stood up for them before Beaumont and denounced to his face his act as that of a tyrant, unwarranted by law or right, and protested against them giving their addresses, when not one of them had the manhood to call their souls their own; and he threatened to send me to a cell for it. I have done with them. This explanation is made more in sorrow than in anger; for the real, genuine Ku-Klux Klan, as I understand its objects, has no better friend in the country than

JACK CAMPBELL.

ST. MARY'S GRAND EASTER CONCERT.—The concert for the benefit of St. Mary's Episcopal church at the Greenlaw Opera House last evening, was attended by a very refined and intellectual audience. Owing to the heavy rain, which began to fall early in the evening, the attendance was not so large as the character of the concert had justified its friends in expecting. Of course, however, many tickets were sold to persons who were unable to attend, and we hope that, in a pecuniary sense, it was a success; as a musical entertainment, it was indeed a success, and a rare treat. The following eminent amateurs and artists were on the programme: Messrs. Katzenback, Hollenberg, Jacobitz, Mrs. Keating, Miss Nora Bradford, and Mrs. Annie Chambers Ketchum; also, the choir of St. Mary's and the school of the Holy Cross. The entire performance was highly appreciated by all present, while the choruses "Christ Has Risen," "O! Salutaris!" "Christus Resurexit!" "Only Waiting," and the closing quartette called forth particular applause. We trust the concert will be repeated on a very propitious occasion.

WHAT IT COSTS TO BURY PAUPERS.—It may be a matter of some interest to tax payers to know that since May 23d, 1867, the burial of paupers has cost $16,180, at ten dollars per head. Warrants to that amount have been issued to Messrs. McCaffrey & Cornelius, undertakers. It would seem almost improbable that 1,618 paupers have died and been interred in Shelby county in less than eleven months, but such are the figures in the County Court clerk's office.

RIVER NEWS.

DAILY AVALANCHE OFFICE,

BOATS LEAVING TO-DAY.

Indiana	NEW ORLEANS	12 m
Mary Erwin	ARKANSAS RIVER	5 p m

BUSINESS—WEATHER—RIVERS.

The weather yesterday was cloudy and sultry. About eight p.m. a severe rain storm prevailed, which lasted for several hours. The river here is declining slowly. At St. Louis and Cairo the river is declining slowly. The Ohio at Pittsburg is stationary, with eight feet in the channel. At Cincinnati on Sunday the river was rising rapidly, with thirty-three feet in the channel. At Louisville yesterday the river was reported falling. The lower Ohio is at a good stage. Cumberland river was rising slowly on Monday at Nashville, with seven feet on the shoals. The Arkansas at last accounts was swelling slowly, with eight feet in the channel from Little Rock out. White river is rising from Batesville, with fourteen feet in the channel.

ARRIVALS.

Steamer Mollie Able, St. Louis.
" Great Republic, New Orleans.
" Victor No. 2, Haile's Point.
" Pauline Carroll, New Orleans.

DEPARTURES.

Steamer Pauline Carroll, St. Louis.
" Minneola, Cincinnati.
" Mollie Able, New Orleans.
" Commercial, White river.
" Mollie Hambleton, St. Francis river.
" Great Republic, St. Louis.

BOATS IN PORT.

Des Arc and Ozark.

MISCELLANEOUS.

The levee yesterday presented a very quiet appearance, with little movement in freights. The local departures include the Commercial, for White river, with a good trip; the Mollie Hambleton, for St. Francis river, and the Minneola, for Cincinnati, with 200 bales of cotton.

The Mollie Able passed down for New Orleans yesterday with a fine trip, having 2,100 tons of freight. One item of her cargo was 1,150 sheep. She also had a good passenger trip. Mrs. Nat. Green, Mrs. Dr. Kellar and Mrs. Cook Creighton joined the boat here, bound on a pleasure trip. We are glad to see Captain Green meet with good success, which he is worthy of. The Mollie Able will enter the Memphis and New Orleans trade next season. She is partly a Memphis institution and will do well in the trade.

The Pauline Carroll passed up for St. Louis last evening with a good trip.

The Great Republic passed up last night with a good passenger trip.

The superb passenger steamer Mary Erwin, Captain Rube Haines, will leave the wharf to-day at five p.m. for Little Rock and all way points on the Arkansas. The Mary Erwin is a number one boat, and will go through with dispatch.

The splendid steamer Indiana, Captain Rube Neal, will leave the wharf to-day at twelve m. for New Orleans. Mr. Miller, an affable gentleman, does the honors of the office.

The John Kilgour, Alice Dean, Dexter and Louisiana are due this evening from New Orleans.

The J. D. Perry has been relieved from her precarious condition by the rise in White river, and will probably come here to load for New Orleans.

The W. A. Caldwell is plying in the New Orleans and Arkansas river trade, and the Lilly in the White river trade.

The Gleaner is due from the Arkansas, and leaves with a return trip on Thursday.

The Mary Erwin left Cincinnati on Saturday, for the Arkansas, with 350 tons of freight, and is due to-day.

The advent of the St. Patrick up White river astonished the natives, as she is the largest steamboat that ever attempted to go up Little Red river, though she successfully made the turns in that crooked stream and came out without a scratch, which reflects much credit upon her pilots, who are experienced in their profession. Captain J. B. Archer leaves this evening for St. Louis, on a business trip.

The Marble City, Captain Conway, leaves to-morrow for St. Louis.

The fine steamer Darling, Captain Lew Kates, will be found at the wharf this morning from Cincinnati, and will leave on Friday for a return trip. Mr. Powers, a genial and clever gentleman, has charge of the office.

There are over one thousand bales of cotton here awaiting shipment to New Orleans. There is also a thousand at White river.

Captain Flem Calvert returned here from St. Louis yesterday.

The dissolution of the River News Agency has been necessitated on account of the color of the *Bulletin*. Thompson has formed a copartnership with the mackerels and gone into the scrap iron business, they having entered into a contract to load the Cincinnati packets with old iron.

Captain Switzer having retired from the Ruth, Captain B. R. Pegram assumes the position.

The Ohio river pilots held a meeting at Cincinnati on Thursday and passed the following resolution: "That no bridge should be permitted over the Ohio river with a less length of span than five hundred feet, in the clear, over the main channel, or of less hight than one hundred feet above low water mark, where the rise and fall is as much as at Cincinnati."

Resolved, That it is a fact well known to all pilots and navigators on the Ohio river that wherever piers are placed in the river, even at much greater distances apart than named in these resolutions—in high water, when most of the towing and floating of property is done, the current is greatly increased at these piers, and eddies and cross currents are a natural result of the piers, no matter how built or placed in the river.

The steamer Louisville, which knocked a hole in her bottom while ascending the falls a few days ago, has gone into the docks at Cincinnati.

The Belle leaves Louisville to day for New Orleans, and the Richmond leaves New Oreans for Louisville.

In our telegraph columns will be found the very latest news from other ports.

As fast steamboat trips seem to be the general topic discussed at Louisville, as regards their clippers, we will give their time from New Orleans to Memphis:

The Richmond, in a crippled condition, last year came to this point in two days and seventeen hours, doing a large way business.

The Dexter's time, according to her leaving time by the New Orleans press, was two days and eighteen hours.

The Belle Lee, on her late fast run, came up in two days and twenty-two hours.

The cotton on White and Arkansas rivers is very near all out.

Unless the merchants make an effort to sustain a packet in the Vicksburg trade, we will lose the entire trade of the bends, which promises to be very large this season.

At Pittsburg, on Sunday, it was snowing very heard. If the snow goes off with rain we may anticipate another freshet in the upper Ohio.

The Cincinnati *Commercial*, of Monday, says:

The weather was mild and clear yesterday, with the wind from the south-west, and slight indications of rain last night. Here the river has risen four feet during the twenty-four hours ending last night, with twenty-seven feet in the channel, by the water works' mark. Mr. A. E. Mann, brother of the late Captain W. C. Mann, died at the residence of his sister, in Tiffin, Ohio, on Thursday last. The deceased was building a small steamer—the El Paso—here for the mountain trade. The Mary Erwin left for Arkansas river with a full cargo, including way engagements. The Swallow departed for New Orleans with a moderate freight. She will have no difficulty in filling out below. The Argosy also departed for New Orleans with a fair cargo. She tows three barges from below.

MONETARY.

DAILY AVALANCHE OFFICE,
WEDNESDAY, April 15, 1868.

Local finances remain quiet and steady, with no change worthy of notice. The market is working easier with a full supply of currency on hand. Exchange is scarce, buying on the East at ¼c. off, and selling at ⅜c. premium; buying on New Orleans at ¼c. off, and selling at par. The Memphis City Savings Institution, which has been doing a banking business at No. 16 Jefferson street for the past three years, have removed to the Franklin Insurance building, corner of Front Row and Jefferson street. Mr. E. C. Kirk, cashier, and president S. H. Toby, are well known as good financiers, and are experienced in the banking business. They have successfully weathered the financial storm. The financial affairs of the city are daily improving. Last Monday the Controller in the presence of the acting Mayor and the Finance Committee, burned $1,229,279 in city scrip and bonds that had been cancelled, also at the same time $27,000 of city note issue. The indebtedness of the city now is not more than $3,000,000, which is partly in city bonds, maturing annually, from 1870 to 1890. The resources of the city are ample to meet their payments. The city assets, which are available, are in excess of all liabilities. The July interest on the bonds, we learn, will be promptly paid. The Controller of the city is receiving interest coupons for taxes, and many have been paid in recently. This fact has greatly enhanced the value of city bonds, and they continue to appreciate rapidly. The appropriations of the city for current expenditures is only $20,000 per month—less than has been known since Memphis became a city. The burning of city scrip and bonds, and the retaining of $200,000, leaves only $249,500 of city scrip afloat on the market, which will undoubtedly be absorbed by the 1st of August. The market is firm and healthy; holders are offering but little, knowing that scrip is on the rise. There is every probability that it will be going at 90c, in less than thirty days.

Gold in New York opened at 138⅝, and closed at 138⅝. The market here was steady, dealers buying at 137¼@138 and selling over the counter at 139@139¼. Silver firm, buying at 127@128, and selling at 130@131.

COUNTY WARRANTS—Steady, buying at 58@60c. and selling at 61@62c.

POLICE SCRIP—Quiet and steady, buying at 83@84, and selling at 85@86.

COMMERCIAL.

DAILY AVALANCHE OFFICE,
WEDNESDAY, April 15, 1868.

There was a fair trade doing yesterday in the general market, with prices steady and unchanged.

Cotton.

The cotton market opened yesterday morning with an active inquiry, at 30½@31c. for middlings. Offerings were few, and the little on sale was at higher rates than have been asked for several months. Holders were sanguine of still further advances, and a buoyant feeling pervaded the market throughout the day. The scarcity of lists made transactions small. The market is nearly bare and the receipts are rapidly falling off. The St. Francis river packet brought but fifty-six bales, and reports but little of the staple remaining in the country bordering that stream. The White river boat brought in one hundred bales, and reports but few bales left in the White river country. The receipts by rail are exceedingly light. It is confidently predicted that the end of the present month will close the cotton season.

From all parts of the country we hear the same story. All the crop of last year has been sent forward, and sold on arrival. The few sales reported to us yesterday were as follows: 63 bales low middling at 30c; 23 bales low middling at 29¼c; 15 bales good ordinary at 28c; 4 bales good ordinary at 28c; 6 bales middling at 30½c, 4 bales good ordinary at 27½c; 16 bales middling at 31c. The market closed firm, with holders of the few remaining lots asking New York prices.

The market throughout the past week has been gradually advancing, and considerable speculative demand has been manifested. The morning dispatch from New York yesterday reported little offering at 31½c for middling. At noon the dispatch reported higher rates asking, and the evening dispatch reported a moderate demand with prices firm, and sales of the day 1,600 bales. The Liverpool market closed firm. Sales 12,000 bales; uplands, 12¼@12⅜d; Orleans, 12¼@12⅝d.

WASHINGTON.

Partisan Rulings of the Great National Police Court.

Insolence of Butler—Important Evidence Excluded.

Conviction of the President Almost a Certainty.

Party Drill to be Rigidly Enforced.

WASHINGTON, April 11.—No progress was made in the trial to-day, the time being consumed in discussion of the admissibility of General Sherman's testimony.

The court overruled the Chief Justice, who thought it admissible.

The purpose of the President's counsel was to prove that the President tendered the appointment of Secretary of War ad interim to Sherman in order to test judicially Stanton's right to office and show that the Executive had no other object in view.

Butler was so insolent in his bearing, Mr. Stanberry demanded that he should desist. In the course of the discussion, Butler accused the counsel of dishonorable practice, but they treated his remarks with contempt.

The ruling of the Court to day will exclude nearly all the evidence by which the President's counsel could have exculpated him. The rejection of this evidence by the Court confirms the impression that his conviction is a foregone conclusion.

Sumner denies the statement that he said it was doubtful how six Senators would vote. My authority was a member of Congress whose character for veracity is quite as good as Sumner's.

Secretary McCulloch says the regular appropriations to defray expenses of customs collections have been expended, and if Congress fails to make the regular appropriation this month, he will have no money with which to pay collectors and their numerous employes throughout the country.

Since Schofield's visit to Grant, affairs in Virginia are less promising. The official guillotine is at work, eight councilmen of Richmond being removed yesterday. The vagabond convention has resolved to adjourn, to meet again at the call of the chairman. They have no such authority under law. Colonel Wisewell, who was rejected by the Senate for Commissioner of Internal Revenue, is to be allowed a reconsideration of his case, and although his friends are hopeful he will be confirmed, it is not probable.

WASHINGTON, April 12.—The President's counsel profess that their confidence is unabated in the acquittal of the President, but the opinion of the public is altogether different. If the court continues to rule out all testimony concerning the declarations of the President, he fails to establish his intent in removing Stanton. But the counsel of the President insist that the court cannot reject the evidence of members of the Cabinet, whose proof is far more important than Sherman's.

The pitiable exhibition General Thomas made on the stand yesterday, together with Butler's impudence, and the pliancy of the Court, seemed to dumfound the President's counsel, and created an impression unfavorable to the case.

The Radicals express doubts that Willey, Van Winkle, Anthony, Trumbull and Ross, will vote for conviction, but it will be surprising if it is not carried by a party vote.

Sprague, hitherto supposed against it, has changed base, and will vote for conviction.

Radicals say Johnson has just one week's lease of the Executive Mansion, and no matter what evidence he may adduce he is lost.

CHICAGO.

The Sea Bird Disaster—Only Two Persons out of One Hundred Saved.

CHICAGO, April 11.—A three story frame building, at the corner of Twelfth and Clark streets, in process of erection, was blown down this forenoon. Forty men were employed in the building at the time, several of whom were injured, but none fatally.

Last night, while St. Mary's church, at the corner of Wabash avenue and Madison street, was crowded to the fullest capacity, one of the abutments supporting the floor gave way, causing a panic. The whole congregation rushed to the door. Three women were crushed to death, another fatally injured, and five others wounded.

The city has been nearly paralyzed for the past twenty-four hours in consequence of the terrible disaster which has carried death into half a hundred homes all over the land. Early yesterday morning it was known that a steamer was on fire about forty miles down the lake, and it was soon learned that it was the Sea Bird, from Milwaukee, with nearly a hundred passengers.

A vessel was seen to approach the burning wreck, and it was hoped the passengers had been rescued. The vessel then stood away for the city, but it was not until about five o'clock that she arrived, and the horrible fate of the passengers became known. The boat was amply provided with life-saving apparatus, but everybody seemed paralyzed, and not a boat was launched or a life-preserver used.

There was also a Government life boat at Waukegan, five miles from the wreck, but no effort was made to rescue the sufferers. The boat took fire between six and seven o'clock, and by nine every soul on board but two had perished, and by eleven the hull sunk, three miles from shore. Several tugs and steamers from this city reached the spot after she went down, and cruised around until dark, hoping to find some survivor.

During the night and this morning several bodies have been thrown ashore between this city and Waukegan, some of them beyond recognition. Among them was one of a lady with a child closely clasped in her arms. Nearly two hundred men are now patrolling the shore looking for bodies. The operations covered nearly forty miles in length. This calamity has only been equaled once on this lake, ten years ago, when the lady Elgin was destroyed in nearly the same spot, with a loss of over 300.

During the five days' revision 6,200 names were registered in New Orleans, of which 750 were of whites.

THREE DOLLARS. SOLD EVERYWHERE AT ONE PRICE GUARANTEED.

5,000 AGENTS MORE WANTED!

AGENCIES granted by Counties or States.

Call and see us or write for particulars, (with stamp.) DASHER sent to any address on receipt of price.

Price everywhere invariably Three Dollars Cash.

The FINLEY CHURN DASHER is simple, cheap, popular.

The old Dasher BREAKS or SLASHES the cream to pieces.

The FINLEY DASHER CUTS the cream to pieces.

The old Dasher makes but TWO agitations of the cream at each up and down motion.

The FINLEY DASHER makes from TEN to FIFTEEN agitations at each up and down motion.

The old Dasher CANNOT supply the requisite amount of air

The FINLEY DASHER DOES introduce large and constant supplies of fresh air.

The old Dasher leaves from ONE-FOURTH to ONE-THIRD of the butter in the cream, because it CANNOT remove it.

The FINLEY DASHER takes ALL the butter out of the cream, and therefore ONE-FOURTH to ONE-THIRD more than the old Dasher.

The old Dasher requires the hard work of a HALF to ONE HOUR. The FINLEY DASHER WILL DO THE SAME WORK in from FIVE to FIFTEEN minutes.

The old Dasher consumes TWENTY to TWENTY-SIX HOURS EACH MONTH in churning. The FINLEY DASHER does the same work in LESS THAN FIVE HOURS and with GAIN in QUANTITY of butter sufficient to pay TWO FINLEY DASHERS at three dollars each.

The FINLEY DASHER can be SO EASILY CLEANED—made "bright as a spoon," and WILL RETAIN ITS SWEETNESS so essential to good milk and butter.

The FINLEY DASHER gives to the butter a decidedly firm, "waxy," "grainy" appearance—better for table, with more in the market.

The FINLEY DASHER, in the latter respect, has the advantage over all Crank or Rotary Churns—THEY TAKE THE GRAIN OUT OF THE BUTTER AND LEAVE IT FAT.

The FINLEY DASHER will last a life time if not abused.

The FINLEY DASHER is adapted to "old fashioned churns."

ANY ONE can use the FINLEY DASHER—so simple.

The FINLEY DASHER is being used over the greater portion of Middle and West Tennessee, North and Central Mississippi, Kentucky, Arkansas, Texas, Alabama, Missouri, Kansas, Iowa, Illinois, Ohio and Western New York, with the very greatest satisfaction.
